**RE: Review and Acceptance into the Provincial Register of Reports: Archaeological Assessment Report Entitled, “*Stage 2 & 3 Archaeological Assessment of Richardson Ridge Property, Part Lots 5, 6 and 7 and Part of the Road Allowance Between Lots 5 and 6, Concession 1, Geographic Township of March, City of Kanata,*” Report Dated December 16, 2008, Report Received December 22, 2008. CIF/Licence No. P025-153-2007. MCL File No. 06SB147.**

Dear Dr. Jackson:

This office has reviewed the above-mentioned report, which has been submitted to this Ministry as a condition of licensing in accordance with Part VI of the Ontario Heritage Act, R.S.O. 1990, c 0.18. This review is to ensure that the licensed professional consultant archaeologist has met the terms and conditions of their archaeological licence, that archaeological sites have been identified and documented according to the 1993 technical guidelines set by the Ministry and that the archaeological fieldwork and report recommendations ensure the conservation, protection and preservation of the cultural heritage of Ontario.

As the result of our review, this Ministry accepts the above titled report into the Provincial register of archaeological reports. The report indicates two archaeological sites, Gourley (BhFx-39) and Armstrong (BhFx-38), found on the subject property underwent Stage 3 investigations and it is recommended that they be considered sufficiently documented. This Ministry concurs with the recommendation that the provincial interest in the archaeological sites identified as Gourley (BhFx-39) and Armstrong (BhFx-38) have been addressed.

The report states that the southwest corner of the proposed development depicted in Figure 2 has not been assessed, but will require assessment prior to development. This Ministry concurs with the recommendation.

Given the above, this Ministry is satisfied that concerns for archaeological sites have been met for the area of this development project that has been assessed as depicted by Figure 7 of the above titled report.

Should you require any further information regarding this matter, please feel free to contact me.

Sincerely,

A handwritten signature in black ink that reads "Jim Sherratt". The signature is written in a cursive, flowing style.
