RE: Review and Acceptance into the Provincial Register of Reports: Archaeological Assessment Report Entitled, “Stage 1 & 2 Archaeological Assessment of the Southwest Part of the Richardson Ridge Property, Part Lot 6 Concession 1, Geographic Township of March, City of Kanata,” Report Dated May 12, 2009, Report Received June 15, 2009. CIF/Licence No. P025-158-2009. MCL File No. 06SB147.

Dear Dr. Jackson:

This office has reviewed the above-mentioned report, which has been submitted to this Ministry as a condition of licensing in accordance with Part VI of the Ontario Heritage Act, R.S.O. 1990, c 0.18. This review is to ensure that the licensed professional consultant archaeologist has met the terms and conditions of their archaeological licence, that archaeological sites have been identified and documented according to the 1993 technical guidelines set by the Ministry and that the archaeological fieldwork and report recommendations ensure the conservation, protection and preservation of the cultural heritage of Ontario.

As the result of our review, this Ministry accepts the above titled report into the Provincial register of archaeological reports. No archaeological sites were documented. It is recommended that there are no further concerns for alterations to archaeological sites for the area that has undergone archaeological assessment. This Ministry concurs with this recommendation.

Given the above, this Ministry is satisfied that concerns for archaeological sites have been met for the area of this development project that has been assessed as depicted by Figure 4 of the above titled report.

Should you require any further information regarding this matter, please feel free to contact me.

Sincerely,

A handwritten signature in cursive script that reads "Jim Sherratt". The signature is written in black ink on a light-colored background.
