

## 14.0 ENDORSEMENT OF CEAA SCREENING REPORT

Screening Report and Mitigation Measures Review and accepted by:

\_\_\_\_\_ Date: \_\_\_\_\_  
Proponent Representative: Steven Stoddard P.Eng,  
Title: Project Manager  
Proponent Organization: City of Ottawa

The proponent has read and understood this environmental screening report and accepts responsibility for the implementation of the mitigation measures and related monitoring and follow-up programs identified, if any, as well as the prescribed reporting requirements.

### CEAA DETERMINATION AND SIGN-OFF

#### Section 20(1) Determination

On the basis of this screening report, Infrastructure Canada has determined, in accordance with subsection 20(1)(a) of CEAA, that the project is not likely to cause significant adverse environmental effects taking into account the implementation of any mitigation and environmental management measures specified in the 2000 Class Environmental Assessment Study Report, the 2007 EA Addendum Environmental Study Report and **Chapters 5** through **9** of this screening report. As a result, Infrastructure Canada may provide financial assistance and the Department of Fisheries and Oceans may provide a Fisheries Act Authorization to the proponent for the purpose of enabling the project to be carried out in whole or in part.
